

NO.	ITEM DESCRIPTION
1	12% Coal Tar solution in ointment form combined with 2%, Salicylic Acid, 4% Precipitated Sulphur and Coconut Oil as Coccois ointment or its equivalent
2	4 in 1 DTaP-IPV combination Vaccine containing Diphtheria vaccine (minimum of $\geq 30$ iu), Tetanus vaccine (minimum of $\geq 40$ iu), Acellular Pertussis vaccine (minimum of $\geq 3$ Pertussis component i.e Pertussis Toxoid, Pertactin and Filamentous Hemogglutinin), and Inactivated Polio vaccine
3	Acetazolamide 500mg injection
4	Acetylcysteine injection 200mg/ml x 10ml
5	Acitretin 25mg oral solid preparation preferably scored tablet
6	Adenosine injection 3mg/ml x 2mls
7	Adrenaline injection 1 in 1,000 or 1mg/ml
8	Albumin Intravenous Infusion Solution Concentrated (20-25% protein)
9	Albumin IV Infusion Solution, Isotonic (4-5% protein)
10	Alfuzosin hydrochloride modified release 10mg oral solid preparation preferably tablet
11	Aminophylline injection 25mg/ml x 10mls
12	Ascorbic acid (vitamin C) 100mg oral solid preparation preferably chewable tablet
13	Atorvastatin 40mg oral solid preparation preferably scored tablet
14	Azathioprine 50mg oral solid preparation preferably tablet
15	Beclomethasone dipropionate aerosol (CFC-free) metered dose inhaler 100mcg/metered inhalation
16	Beclomethasone dipropionate aqueous nasal spray 50mcg/dose
17	Beclomethasone Dipropionate Metered Dose Inhaler 250mcg/metered Inhalation
18	Bendrofluazide (Bendroflumethiazide) 5mg oral solid preparation preferably scored tablet
19	Benzhexol hydrochloride (or trihexypenidyl) 2mg oral solid preparation preferably scored tablet
20	Benzylpenicillin sodium (penicillin G) injection 600mg
21	Betahistine Hydrochloride 8mg oral solid preparation preferably tablet
22	Betamethasone dipropionate Scalp application 0.05%
23	<p>Biphasic Isophane (Human) (30% soluble, 70% Isophane) injection in penfill 100iu/ml as Mixtard© 30HM penfill or its equivalent with compatible needles according to the number of doses required for each patient</p> <p><u>Specifications of needles</u></p> <ul style="list-style-type: none"> <li>• Material: Sterile, single use needle with silicone coating</li> <li>• Size: 0.23mm x 32G</li> <li>• Length – 4mm</li> <li>• Each needle comes in its own antiseptic peelback ensuring complete sterility up to moment of use</li> <li>• Compatible with product on offer (i.e. insulin)</li> </ul>
24	Botulinium toxin type A injection powder for reconstitution 100 units
25	Botulinum Toxin Type A 500 units injection powder for reconstitution
26	Box Jelly Fish antivenom injection 20,000 units/vial
27	Budesonide 160mcg And Formoterol Dihydrate 4.5mcg as Symbicort Turbuhaler 160/4.5mcg or Its Equivalent
28	Budesonide Dry Powder For Inhalation 200mcg/metered Inhalation
29	Cabergoline 500mcg oral solid preparation preferably scored tablet

NO.	ITEM DESCRIPTION
30	Calamine Lotion
31	Calcipotriol 50mcg/gm Ointment
32	Calcium chloride injection 100mg/ml or 10%
33	Calcium lactate 300mg oral solid preparation preferably scored tablet
34	Candesartan 8mg oral solid preparation preferably scored tablet
35	Carbamazepine 200mg oral solid preparation preferably tablet
36	Carbimazole 5mg oral solid preparation preferably tablet
37	Carvedilol 25mg oral solid preparation preferably scored tablet
38	Caspofungin (as acetate ) intravenous infusion 50mg
39	Ceftazidime 500mg powder for solution for injection
40	Ceftriaxone (as sodium salt) injection 500mg
41	Cefuroxime (as axetil) 250mg oral solid preparation preferably tablet
42	Cephalexin 250mg oral solid preparation preferably scored tablet
43	Chlorpheniramine maleate 4mg oral solid preparation preferably tablet
44	Ciclosporin 100mg oral solid preparation preferably tablet
45	Ciclosporin eye drop 0.05% (single dose)
46	Ciprofloxacin 250mg oral solid preparation preferably scored tablet
47	Clindamycin 300mg/2ml injection
48	Clindamycin lotion 10mg/ml (1%) for topical application
49	Clobazam 10mg oral solid preparation preferably scored tablet (To submit artwork of box along with digital picture of drug, product package insert and certificate of analysis in the event unable to provide physical sample of the controlled drug)
50	Clomifene 50mg oral solid preparation preferably tablet
51	Clotrimazole 100mg pessary with applicator
52	Cloxacillin 500mg powder for solution for injection
53	Co-amoxiclav 500/100 injection [Amoxicillin 500mg (as sodium salt) and clavulanic acid 100mg (as potassium salt)]
54	Codeine phosphate 15mg/5ml oral liquid preparation
55	Colistimethate sodium injection/inhalation 1miu
56	Compound Sodium Lactate solution for infusion x 500ml Bottle
57	Cyclopentolate Hydrochloride 0.2% & Phenylephrine 1% eye drop as Cyclomydril® or its equivalent
58	Darunavir 600mg oral solid preparation preferably scored tablet
59	Deferiprone 1000mg oral solid preparation preferably scored tablet
60	Desferrioxamine mesylate injection 500mg
61	Desmopressin acetate 200mcg oral solid preparation preferably tablet
62	Desmopressin acetate intra nasal solution 100mcg/ml
63	Dexamethasone 0.1% eye drop
64	Dexamethasone 0.1%, Neomycin Sulfate 0.35% (3500iu/ml) and Polymyxin B Sulfate (6000iu/ml) eye drop as Maxitrol or its equivalent
65	Dexamethasone injection 4mg/ml x 2ml
66	Diazepam 5mg oral solid preparation preferably scored tablet (To submit artwork of box along with digital picture of drug, product package insert and certificate of analysis in the event unable to provide physical sample of the controlled drug)
67	Diclofenac Injection 25mg/ml x 3ml
68	Diclofenac modified release 100mg oral solid preparation preferably tablet
69	Diltiazem hydrochloride 200mg modified release oral solid preparation preferably tablet

NO.	ITEM DESCRIPTION
70	Docusate sodium 0.5% ear drop as Soluwax ear drop or its equivalent
71	Domperidone 10mg oral solid preparation preferably scored tablet
72	Dopamine injection (as hydrochloride) 200mg/5ml
73	Doxapram injection (as hydrochloride) 100mg/5ml per unit
74	Doxazosin mesylate 1mg oral solid preparation preferably scored tablet
75	Doxazosin mesylate 4mg oral solid preparation preferably scored tablet
76	Doxycycline 100mg oral solid preparation preferably scored tablet
77	Dried Factor VIII injection with Von Willebrand Factor (VWF) 200iu -300iu per unit as Factor 8Y or its equivalent
78	Dry Powder for inhalation containing Fluticasone Propionate 100mcg and Salmeterol (as Xinafoate) 50mcg per dose in a specially designed inhaler device as Seretide 100 Accuhaler® or its equivalent
79	Dry Powder for inhalation Containing Fluticasone Propionate 250mcg and Salmeterol (as Xinafoate) 50mcg per dose in a specially designed inhaler device as Seretide 250 Accuhaler® or its equivalent
80	Dutasteride 500mcg oral solid preparation preferably scored tablet
81	Enalapril 20mg oral solid preparation preferably tablet
82	Entecavir 500mcg oral solid preparation preferably tablet
83	Ephedrine injection 30mg/ml
84	Essential Phospholipids (Polyunsaturated Phosphatidylcholine) 300mg, nicotinamide 30mg, dl-α tocopheryl acetate 10mg, Vitamin B1 10mg, Vitamin B2 6mg, Vitamin B6 10mg, Vitamin B12 10mcg oral solid preparation preferably tablet as Livolin Forte Softgel® or its equivalent preferably with all the above ingredients within +/- 10% of the stated strength of each ingredient
85	Ethambutol 400mg oral solid preparation preferably scored tablet
86	Factor IX (Human Recombinant) Injection 450-550 units
87	Factor VIIa (Recombinant) 2mg Injection as Novoseven® or its equivalent
88	Factor VIII (Human Recombinant) Injection 220 to 275 units per vial
89	Factor VIII Inhibitor Bypassing Fraction 500iu
90	Fentanyl transdermal patch 12mcg/hr x 72 hours (To submit artwork of box along with digital picture of drug, product insert and certificate of analysis in the event unable to provide physical sample of the controlled drug)
91	Fentanyl transdermal patch 25mcg/hr x 72 hours (To submit artwork of box along with digital picture of drug, product insert and certificate of analysis in the event unable to provide physical sample of the controlled drug)
92	Fentanyl Transdermal Patch 50mcg/hr x 72 hours (To submit artwork of box along with digital picture of drug, product package insert and certificate of analysis in the event unable to provide physical sample of the controlled drug)
93	Ferrous Fumarate 200mg oral solid preparation preferably tablet
94	Fixed Dose Combination of Levonorgestrel 150mcg and Ethinylestradiol 30mcg oral solid preparation preferably tablet either as Microgynon® 30 or its equivalent
95	Fixed Dose Combination of Micronized Diosmin 450mg and Micronised Hesperidin 50mg oral solid preparation preferably tablet either as Daflon® or its equivalent
96	Flecainide 100mg oral solid preparation preferably scored tablet
97	Flucloxacillin 125mg/5ml oral powder for reconstitution (volume of liquid for reconstitution must be stated on the bottle)
98	Fludroxycortide Tape 4mcg/cm <sup>2</sup> in a form of adhesive film 7.5cm x 50cm or within +/-10% of the stated sizes

NO.	ITEM DESCRIPTION
99	Fluorescein sodium solution for injection 500mg/5mL or 10%
100	Fluoxetine 20mg oral solid preparation preferably scored tablet
101	Fluvoxamine 50mg oral solid preparation preferably scored tablet
102	Folic acid 2.5mg/5ml oral liquid preparation (preferably alcohol-free)
103	Follitropin alfa injection (recombinant human follicle stimulating hormone,r-hFSH, powder for reconstitution, 75 units (iu) or 5.5mcg as Gonal-F® or its equivalent
104	Fondaparinux injection 2.5mg/0.5ml injection in a prefilled syringe
105	Fusidic acid 1% viscous eye drop
106	Gentamycin injection 40mg/ml x 2ml
107	Gliclazide 80mg oral solid preparation preferably tablet
108	Gliclazide modified release 30mg oral solid preparation preferably tablet
109	Glucagon Injection 1mg
110	Glucose 5% and Sodium Chloride 0.9% Intravenous Infusion BP - 500mL Bottle
111	Glucose 5% IV infusion x 500ml Bottle
112	Glyceryl trinitrate sublingual 500mcg oral solid preparation preferably tablet
113	Goserelin (as Acetate) Implant Syringe 3.6mg In Sustained-release Depot
114	Haloperidol 1.5mg oral solid preparation preferably scored tablet
115	Heparin Sodium (Bovine) injection 1000iu/ml x 5ml
116	Heparin Sodium (Bovine) Injection 5,000IU/mL
117	Hepatitis B Immunoglobulin injection for intramuscular use 100iu/ml
118	Hyaluronidase 1,500iu powder for solution for injection / infusion
119	Hydralazine 20mg injection
120	Hydralazine 50mg oral solid preparation preferably scored tablet
121	Hydrocortisone 1%, Neomycin Sulphate 3400 units and Polymyxin B Sulphate 10,000 units/ml ear drop as Otosporin® Ear Drops or its equivalent
122	Hydroxychloroquine sulfate 200mg oral solid preparation preferably scored tablet
123	Hydroxyurea 500mg oral solid preparation preferably tablet
124	Hyoscine N-Butyl-Bromide 10mg oral solid preparation preferably scored tablet
125	Inhalation Containing Fluticasone Propionate 50mcg and Salmeterol (as Xinofoate) 25mcg per dose in an inhaler device as Seretide 50 Evohaler® or its equivalent
126	Irbesartan 150mg Oral Solid Preparation Preferably Scored Tablet
127	Irbesartan 300mg Oral Solid Preparation Preferably Scored Tablet
128	Isoniazid 50mg/5ml oral liquid preparation (preferably alcohol-free)
129	Isophane insulin (human) injection 100units/ml
130	Isosorbide dinitrate injection 1mg/ml x 10mls
131	Isotretinoin 20mg oral solid preparation preferably scored tablet
132	Itraconazole 100mg oral solid preparation preferably tablet
133	Ivabradine 5mg oral solid preparation preferably scored tablet
134	Lactulose 3.1gm-3.7gm/5ml oral liquid preparation
135	Lamivudine 100mg oral solid preparation preferably scored tablet
136	Lamotrigine 100mg oral solid preparation preferably scored tablet
137	Leflunomide 20mg oral solid preparation preferably scored tablet
138	Letrozole 2.5mg oral solid preparation preferably tablet
139	Levothyroxine 100mcg oral solid preparation preferably scored tablet
140	Levothyroxine 25mcg oral solid preparation preferably scored tablet
141	Lidocaine (Lignocaine) 2.5%, Prilocaine 2.5% with occlusive dressing as Emla® cream or its equivalent

NO.	ITEM DESCRIPTION
142	Lignocaine (Lignocaine) HCL 4% with Fluorescein Sodium 0.25% eye drop minims or single use
143	Lignocaine/Lidocaine Hydrochloride catheter lubricating gel 2% (sterile) preferably in accordion form as Cathejell© or its equivalent
144	Linezolid injection 2mg/ml in 300ml
145	Liposomal Amphotericin B 50mg per vial powder for injection
146	Liraglutide 6mg/ml injection in prefilled device
147	Losartan 100mg oral solid preparation preferably scored tablet
148	Losartan 50mg oral solid preparation preferably scored tablet
149	Low molecular weight heparin (Enoxaparin) 20mg or 2,000IU injection
150	Low molecular weight heparin (Enoxaparin) 40mg or 4,000IU injection
151	Meropenem Injection, Powder For Reconstitution, 1gm
152	Meropenem Injection, Powder For Reconstitution, 500mg
153	Mesalazine 250mg oral solid preparation preferably scored tablet
154	Mesalazine modified release 500mg oral solid preparation preferably tablet
155	Metformin 500mg oral solid preparation preferably scored tablet
156	Methylphenidate 10mg oral solid preparation preferably tablet
157	Methylprednisolone sodium succinate 500mg powder for injection
158	Metoprolol Tartrate 50mg oral solid preparation preferably scored tablet
159	Metronidazole intravenous infusion 5mg/ml in 100ml
160	Miconazole nitrate 2% & hydrocortisone 1% cream
161	Miconazole nitrate 2% cream
162	Miconazole oral gel 2%
163	Midazolam (as hydrochloride) injection 5mg/ml x 1ml
164	Mometasone furoate cream 0.1%
165	Monobasic Sodium Phosphate 48% in combination with Dibasic Sodium Phosphate 18% oral liquid preparation either as Fleet Phosphate Soda® or its equivalent preferably in 45ml bottle (preferably alcohol-free)
166	Morphine Sulfate Modified Release 10mg oral solid preparation preferably tablet (To submit artwork of box along with digital picture of drug, product package insert and certified true copy of certificate of analysis in the event unable to provide physical sample of the controlled drug)
167	Morphine sulphate 10mg/5ml oral liquid preparation
168	Morphine Sulphate Modified Release 30mg oral solid preparation preferably tablet (to submit artwork of box along with digital picture of drug ,product package insert and certified true copy of certificate of analysis in the event unable to provide physical sample of the controlled drug)
169	Multivitamins for adult oral solid preparation preferably tablet containing at least the following strength of each ingredient Vitamin A 600mcg (2,000iu), Vitamin B1 1mg, Vitamin B2 1.2mg, Vitamin B6 1mg, Vitamin B12 1.5mcg, Vitamin C 40mg and Vitamin D 10mcg (400 iu)
170	Mycophenolic acid or Mycophenolic sodium 180mg oral solid preparation preferably scored tablet
171	Naphazoline hydrochloride 0.025% and pheniramine maleate 0.3% eye drop as Naphcon A or its equivalent
172	Naproxen sodium 275mg oral solid preparation preferably tablet
173	Neomycin Sulfate 3,300 units, Bacitracin Zinc 2mg, Glycine 10mg and Theoranine 1mg/g powder as Cicatrin dusting powder or its equivalent

NO.	ITEM DESCRIPTION
174	Neostigmine injection 2.5mg/ml x 1ml
175	Netilmicin Sulphate injection 100mg/ml
176	Nimodipine injection 0.2mg/ml x 50ml
177	Noradrenaline acid tartrate injection 2mg/ml (equivalent to Noradrenaline base 1mg/ml)
178	Norethisterone 0.35mg oral solid preparation preferably tablet
179	Norethisterone 5mg oral solid preparation preferably scored tablet
180	Nystatin Oral Liquid preparation 100,000 units/ml (preferably alcohol-free)
181	Olanzapine 5mg oral solid preparation preferably scored tablet
182	Omeprazole 10mg oral solid preparation preferably scored tablet
183	Omeprazole 20mg oral solid preparation preferably scored tablet
184	Omeprazole 40mg injection for bolus use
185	Orlistat 120mg oral solid preparation preferably tablet
186	Paliperidone 75mg injection in prefilled pen or syringe
187	Paracetamol 500mg in combination with Codeine Phosphate 8mg oral solid preparation preferably scored tablet as Migralve Yellow© or its equivalent
188	Paracetamol suppository 250mg
189	Parenteral Nutritional Preparation for Peripheral Line as Nutripack Peri 40/80 in 1250ml pack or its equivalent
190	Per 5ml Oral liquid preparation containing Dextromethorphan Hydrobromide 15mg; Triprolidine Hydrochloride 1.25mg; Pseudoephedrine Hydrochloride 30mg (preferably alcohol-free)
191	Perindopril Erbumine 4mg oral solid preparation preferably scored tablet
192	Plasma substitute containing succinylated gelatin (modified fluid gelatin, average molecular weight 30,000) 40g (%), Na+150-160mmol/litre in a 500ml Bottle
193	Prochlorperazine 5mg oral solid preparation preferably scored tablet
194	Procyclidine hydrochloride 5mg/ml injection x 2ml
195	Propranolol hydrochloride 10mg oral solid preparation preferably tablet
196	Propylthiouracil 50mg oral solid preparation preferably tablet
197	Protein-free Hemodialysate eye gel in which 1g of gel containing 4.15mg Protein-free Hemodialysate of calves blood as Solcoseryl© eye gel or its equivalent
198	Psyllium Hydrophillic Mucilloid (Orange Flavour) as Metamucil Powder or its equivalent
199	Pyrazinamide 500mg oral solid preparation preferably tablet
200	Quetiapine (as fumarate) 100mg oral solid preparation preferably scored tablet
201	Quetiapine (as fumarate) 25mg oral solid preparation preferably scored tablet
202	Quetiapine modified release 200mg oral solid preparation preferably tablet
203	Quetiapine modified release 400mg oral solid preparation preferably tablet
204	Quinine Sulphate 300mg oral solid preparation preferably tablet
205	Recombinant Human Granulocyte Colony Stimulating Factor (G-CSF) injection 263mcg to 300mcg
206	Recombinant Human Long-Acting Insulin Analogue 100iu/ml injection in a pre-filled pen as Insulin Glargine or its equivalent [to be provided with compatible BD needles according to the number of doses required for each patient]
207	Ribavirin 200mg oral solid preparation preferably tablet
208	Rifampicin 100mg/5ml oral liquid preparation (preferably alcohol-free)
209	Risperidone 1mg/ml oral liquid preparation
210	Risperidone 2mg oral solid preparation preferably tablet

NO.	ITEM DESCRIPTION
211	Rituximab injection 500mg/50ml
212	Rivastigmine 1.5mg oral solid preparation preferably scored tablet
213	Rivastigmine 3mg oral solid preparation preferably scored tablet
214	Ropinirole 1mg oral solid preparation preferably scored tablet
215	Ropinirole modified release 2mg oral solid preparation preferably tablet
216	Salbutamol (as sulfate) inhalation 100mcg per metered inhalation (CFC free)
217	Salbutamol Sulfate Injection 0.5mg/ml
218	Seasonal flu vaccine (Southern/Northern Hemisphere) which complies with the World Health Organization recommended seasonal viral strains
219	Sertraline 100mg oral solid preparation preferably scored tablet
220	Sertraline 50mg oral solid preparation preferably scored tablet
221	Sevoflurane anaesthetics inhalation solution
222	Sodium Bicarbonate injection 8.4% x 10ml
223	Sodium Bicarbonate injection 8.4% x 50ml
224	Sodium Chloride 0.45% Intravenous Infusion x 500ml
225	Sodium Chloride 0.9% Intravenous BP in a 500ml bottle
226	Sodium Chloride 0.9%, Intravenous Infusion BP-500mL Collapsible Bag
227	Sodium chloride injection 0.9% x 10ml
228	Sodium chloride modified release 600mg oral solid preparation preferably tablet
229	Sodium Cromoglycate or Cromolyn Sodium 2% eye drop
230	Sodium hyaluronate injection 10mg/ml to 14mg/ml in an ophthalmic viscoelastic device with high viscosity [2.60 to 3.50 Log (Pas)] as Healon GV PRO OVD™ or its equivalent
231	Sodium thiosulphate injection 250mg/ml
232	Sodium Valproate enteric coated 200mg oral solid preparation preferably tablet
233	Sodium valproate modified release 500mg oral solid preparation preferably tablet as Epilim Chrono or its equivalent
234	Somatostatin injection 3mg
235	Somatropin (recombinant DNA origin) 3.3mg - 10mg (10 -30 units) liquid for injection preferably with automatic drug delivery device
236	Sorafenib (as tosylate) 200mg oral solid preparation preferably tablet
237	Sterculia 62% gluten free preparation as Normacol granules or its equivalent
238	Stone Fish Antivenom
239	Sulbactam 250mg & Ampicillin 500mg powder for injection
240	Sulbactam 500mg & Ampicillin 1000mg injection
241	Sumatriptan 50mg oral solid preparation preferably scored tablet
242	Suxamethonium chloride injection 50mg/ml x 2ml
243	Tacrolimus 1mg oral solid preparation preferably scored tablet
244	Tamsulosin Hydrochloride 400mcg with Dutasteride 500mcg Oral Solid Preparation Preferably Tablet
245	Tenecteplase 50mg (10,000iu) injection
246	Tibolone 2.5mg oral solid preparation preferably tablet
247	Tolbutamide 500mg oral solid preparation preferably scored tablet
248	Topiramate 50mg oral solid preparation preferably scored tablet
249	Travoprost 40mcg, Timolol (as maleate 5mg/ml) eye drop as Duo Trav® or its equivalent
250	Tretinoin cream 0.025%
251	Tretinoin Cream 0.05%

NO.	ITEM DESCRIPTION
252	Triamcinolone acetonide 0.1% oral dental paste
253	Typhoid vaccine 25mcg/0.5ml (Salmonella Typhi Injection)
254	Ursodeoxycholic acid 250mg oral solid preparation preferably tablet
255	Ustekinumab injection 45mg/0.5ml solution for injection in prefilled syringe
256	Valganciclovir Hydrochloride 450mg oral solid preparation preferably scored tablet
257	Valsartan 80mg oral solid preparation preferably scored tablet
258	Vancomycin Injection 500mg
259	Varicella Zoster Immunoglobulin (Human) Injection 250mg
260	Vigabatrin 500mg oral solid preparation preferably scored tablet
261	Vitamin B oral solid Preparation preferably tablet, containing Vit B1 100mg, Vit B6 200mg and Vit B12 200mcg as Vitamin B Forte or its equivalent with all the above ingredients within +/-10% of the stated strengths
262	Vitamin C 1gm, Calcium 250mg, Vitamin D3 300iu, Vitamin B6 15mg oral solid preparation preferably tablet within +/-10% of the stated strength of each ingredient as Calcium D Redoxon Efferverscent® Tablet or its equivalent
263	Water for injection BP x 10ml
