ITEM NO.	ITEM DESCRIPTION	UOM	SPECIFICATION	ESTIMATE D ONE YEAR USAGE	BUFFER STOCK
1	Zippered Clear Plastic Bags - Double Compartment (Specimen Carrier Bags) Size: 260mm x 160mm	PC	- zippered clear plastic bags - double compartment - specimen carrier bags - size: 260mm x 160mm	68,000	5% of the Estimated Annual Quantity
2	Elastic Crepe Bandages Size: 2" (5cm)	ROLL	- elastic crepe bandage - size: 2" (5cm) - stretch length: 4.5m per roll - color: natural white, flesh or bleached	20,800	5% of the Estimated Annual Quantity
3	Elastic Crepe Bandages - Size: 3" (7.5cm)	ROLL	- elastic crepe bandage - size: 3" (7.5cm) - stretch length: 4.5m per roll - color: natural white, flesh or bleached	26,500	5% of the Estimated Annual Quantity
4	Elastic Crepe Bandages - Size: 4" (10cm)	ROLL	- elastic crepe bandage - size: 4" (10cm) - stretch length: 4.5m per roll - color: natural white, flesh or bleached	26,700	5% of the Estimated Annual Quantity
5	Elastic Crepe Bandages - Size: 6" (15cm)	ROLL	- elastic crepe bandage - size: 6" (15cm) - stretch length: 4.5m per roll - color: natural white, flesh or bleached	12,500	5% of the Estimated Annual Quantity
6	Elasticated Tubular Bandage Size: A (4cm x 10m)	ROLL	- tubular compression bandage designed for the treatment of orthopaedic and vascular conditions - used for: control of oedema / swelling of the limbs - used for: soft tissue, joint injuries or rib injuries - used for: application following the removal of casts - provides 18-22mmHg under a double layer (compliant with BP standard) - easy to use measuring guides available free of charge - easy to use applicators available - size: A - application: infant limbs - measurement: 4cm - roll: 10m	120	5% of the Estimated Annual Quantity

7	Elasticated Tubular Bandage Size: B (6.5cm x 10m)	ROLL	<ul style="list-style-type: none"> - tubular compression bandage designed for the treatment of orthopaedic and vascular conditions - used for: control of oedema / swelling of the limbs - used for: soft tissue, joint injuries or rib injuries - used for: application following the removal of casts - provides 18-22mmHg under a double layer (compliant with BP standard) - easy to use measuring guides available free of charge - easy to use applicators available - size: B - application: small limbs - measurement: 6.5cm - roll: 10m 	260	5% of the Estimated Annual Quantity
8	Elasticated Tubular Bandage Size: C (7cm x 10m)	ROLL	<ul style="list-style-type: none"> - tubular compression bandage designed for the treatment of orthopaedic and vascular conditions - used for: control of oedema / swelling of the limbs - used for: soft tissue, joint injuries or rib injuries - used for: application following the removal of casts - provides 18-22mmHg under a double layer (compliant with BP standard) - easy to use measuring guides available free of charge - easy to use applicators available - size: C - application: adult limbs - measurement: 7cm - roll: 10m 	520	5% of the Estimated Annual Quantity
9	Elasticated Tubular Bandage Size: D (7.5cm x 10m)	ROLL	<ul style="list-style-type: none"> - tubular compression bandage designed for the treatment of orthopaedic and vascular conditions - used for: control of oedema / swelling of the limbs - used for: soft tissue, joint injuries or rib injuries - used for: application following the removal of casts - provides 18-22mmHg under a double layer (compliant with BP standard) - easy to use measuring guides available free of charge - easy to use applicators available - size: D - application: large limbs - measurement: 7.5cm - roll: 10m 	570	5% of the Estimated Annual Quantity

10	Elasticated Tubular Bandage Size: E (8.5cm x 10m)	ROLL	<ul style="list-style-type: none"> - tubular compression bandage designed for the treatment of orthopaedic and vascular conditions - used for: control of oedema / swelling of the limbs - used for: soft tissue, joint injuries or rib injuries - used for: application following the removal of casts - provides 18-22mmHg under a double layer (compliant with BP standard) - easy to use measuring guides available free of charge - easy to use applicators available - size: E - application: adult legs - measurement: 8.5cm - roll: 10m 	570	5% of the Estimated Annual Quantity
11	Elasticated Tubular Bandage Size: F (10cm x 10m)	ROLL	<ul style="list-style-type: none"> - tubular compression bandage designed for the treatment of orthopaedic and vascular conditions - used for: control of oedema / swelling of the limbs - used for: soft tissue, joint injuries or rib injuries - used for: application following the removal of casts - provides 18-22mmHg under a double layer (compliant with BP standard) - easy to use measuring guides available free of charge - easy to use applicators available - size: F - application: large legs - measurement: 10cm - roll: 10m 	300	5% of the Estimated Annual Quantity
12	Elasticated Tubular Bandage Size: G (12.5cm x 10m)	ROLL	<ul style="list-style-type: none"> - tubular compression bandage designed for the treatment of orthopaedic and vascular conditions - used for: control of oedema / swelling of the limbs - used for: soft tissue, joint injuries or rib injuries - used for: application following the removal of casts - provides 18-22mmHg under a double layer (compliant with BP standard) - easy to use measuring guides available free of charge - easy to use applicators available - size: G - application: large thighs - measurement: 12.5cm - roll: 10m 	300	5% of the Estimated Annual Quantity

13	Yellow Plastic Bags With Biohazard Print (For Contaminated / Infected Clinical Waste) Size: 300mm (W) x 375mm (H)	PC	- yellow plastic bags with "biohazard print" - for contaminated and infected clinical waste - size: 300mm (W) x 375mm (H)	58,000	5% of the Estimated Annual Quantity
14	Yellow Plastic Bags With Biohazard Print (For Contaminated / Infected Clinical Waste) Size: 570mm (W) x 990mm (H)	PC	- yellow plastic bags with "biohazard print" - for contaminated and infected clinical waste - size: 570mm (W) x 990mm (H)	65,000	5% of the Estimated Annual Quantity
15	Catheterization Pack, Sterile	PACK	- 1 kidney dish (700ml) - 2 gallipot (60ml) - 8 cotton balls - 1 vial 10ml water for injection - 2 blue dressing forceps - 1 sachet lubricating gel - 5 gauze swabs 7.5 x 7.5 x 8 ply - 1 syringe 10ml - 1 paper dressing towel - 1 waterproof circular fenestrated drape 90 x 90 - 1 sterile field 100 x 100 - medium sterile gloves (single/1 pair) - latex free - waste bag (yellow)	10,400	5% of the Estimated Annual Quantity
16	Underwater Chest Drainage Bottle (Chest Drainage Set)	UNIT	- single-use sterile chest drainage bottle, capacity 1800ml complete with tubing 180cm length - clear mark on the bottle cap to show the position for connection to the patient and the vacuum - Filter on bottle cap to prevent falling dust while naturally postural chest drainage is required - easy to change new bottle when discharge is full or under some other required situation - clear white lines on bottle body to make observation and record - can be apply to two bottle system or connected to continuously low pressure thoracic suction unit	600	5% of the Estimated Annual Quantity
17	Clear Plastic Bags (Hot Water Soluble Bags For Infected / Contaminated Linen) Size: 660mm x 840mm x 20 microns	PC	- clear plastic bags (hot water soluble bags) - for infected and contaminated linen - size: 660 mm x 840mm x 20 microns	32,000	5% of the Estimated Annual Quantity

18	Collar 'N' Cuff Size: 5cm x 6mm	ROLL	<ul style="list-style-type: none"> - size: 5cm x 6m - easy to apply, simple to adjust and washable - collar 'n' cuff can be used to form a variety of effective slings and braces, such as a balanced arm sling, wrist support sling, clavicle brace or shoulder immobiliser - manufactured from soft foam covered by a sleeve of stockinette - supplied in economical 6m rolls, from which the precise amount needed can be cut - cost-effective as only the precise amount needed for application is cut from the roll - versatile and economical material - can be made into a variety of slings and braces - simple construction ensures rapid, tailor-made support for each patient - provides effective, comfortable support for patients' limbs - supplied in 6m rolls with plastic fasteners included - wide range of potential applications - ideal for busy A&E units 	530	5% of the Estimated Annual Quantity
19	Extension Tube For Use With Pumps (Blood Terufusion Extension Tube)	PC	<ul style="list-style-type: none"> - single use - compatible to use with existing Terumo pump - sterilized with Ethylene Oxide - can withstand in-line pressure - DEHP free - CE mark 	3,500	5% of the Estimated Annual Quantity
20	Surgical Tape Paper, Microporous, Hypoallergenic Size: 0.5"	ROLL	<ul style="list-style-type: none"> - size: 0.5" - paper tape - microporous - hypoallergenic (low irritation to skin) - sticks to skin (good adhesiveness and no glue left) - breathable (good air permeability) - easy-tear - easy application - material: microporous non-woven fabric - colour: white 	40,320	5% of the Estimated Annual Quantity

21	Surgical Tape Paper, Microporous, Hypoallergenic Size: 1"	ROLL	<ul style="list-style-type: none"> - size: 1" - paper tape - microporous - hypoallergenic (low irritation to skin) - sticks to skin (good adhesiveness and no glue left) - breathable (good air permeability) - easy-tear - easy application - material: microporous non-woven fabric - colour: white 	40,140	5% of the Estimated Annual Quantity
22	Nylon Tape Size: 6mm x 70cm	PC	<ul style="list-style-type: none"> - nylon tape - size: 6mm x 70cm 	960	5% of the Estimated Annual Quantity
23	Adhesive Plaster Porous Hypoallergenic (Zinc Oxide) Size: 4"	ROLL	<ul style="list-style-type: none"> - with polyester / cotton fabric as back liner, as its surface coated with natural rubber and zinc as adhesive - water repellent, porous, permeable to air and moisture - anti-inflammation and anti-allergic - ribbed or flat edges, easy to tear - it is suitable for fixing dressing and light duct at surgery - size: 4" 	480	5% of the Estimated Annual Quantity
24	Rubber Finger Cot With Hook For Newly Born Baby (Amnicot)	PC	<ul style="list-style-type: none"> - latex finger cot with a hook attached - sterile - single use - disposable - individual pack 	12,000	5% of the Estimated Annual Quantity
25	Sharps Disposable Containers (Puncture and Leak Proof Containers) Size: 12 or 13.2 Litres	PC	<ul style="list-style-type: none"> - sharps disposable containers - puncture and leak proof containers - colour: yellow - size: 12 or 13.2 litres 	5,800	5% of the Estimated Annual Quantity
26	Sharps Disposable Containers (Puncture and Leak Proof Containers) Size: 8 Litres	PC	<ul style="list-style-type: none"> - sharps disposable containers - puncture and leak proof containers - colour: yellow - size: 8 litres 	5,000	5% of the Estimated Annual Quantity

27	Disposable Shaving Pack, Sterile	PACK	<ul style="list-style-type: none"> - all the necessary components for routine dressing procedures are grouped, placed in the order of use and sterilized in a unique pack - most of the sets are wrapped in large field that, when opened will automatically cover the working place thus creating an immediate sterile field - it is exclusively made by single use components - single peel pack - sterile - 2 pcs - double edge razor - 1 pc - non-woven drape (6' x 3' x 14gm) - 1 pc - PE apron - 1 pc - 3 ply face mask - 1 pair - latex examination gloves - 1 pc - yellow limpet bag 	5,500	5% of the Estimated Annual Quantity
28	Steri Drape Incise With Pouch	PC	<ul style="list-style-type: none"> - ophthalmic sterile i-drape - size: 120cm x 140cm - sterile - single use only - sterilized by Ethylene Oxide Gas - sterility guaranteed unless packaged is opened or broken - materials meet The Federal Flammable Fabrics Act Requirements 	1,500	5% of the Estimated Annual Quantity
29	Sterilising Tablet	BOT	<ul style="list-style-type: none"> - able to kill bacteria, viruses, fungi and spores - allow cold water to dissolve tablets - works fast and able to kill bacteria, viruses, fungi and spores within 15 to 30 minutes - remains effective to keep solution within 24 hours 	1,200	5% of the Estimated Annual Quantity
30	Three Way Stopcock, Sterile, Single Use	PC	<ul style="list-style-type: none"> - sterile - single use - fit to tip of syringes or IV lines 	50,000	5% of the Estimated Annual Quantity

31	Disposable Surgeon Face Mask 3 Ply Ear Loop	PACK	<ul style="list-style-type: none"> - ear loops using a soft band elastic - 3-ply non-woven face mask - high filtration efficiency - ideals for hospitals - colours: green or blue - soft, lightweight - comfortable, odourless - form fitting design - fiberglass casts - latex free ear loops - non-irritating to skin - permits air passage 	10,000	5% of the Estimated Annual Quantity
32	Disposable Surgeon Face Mask 3 Ply Tie	PACK	<ul style="list-style-type: none"> - tie-on bands - 3-ply non-woven face mask - high filtration efficiency - colours: green or blue - ideals for hospitals - soft, lightweight - comfortable, odourless - form fitting design - fiberglass free - non-irritating to skin - permits air passage 	10,000	5% of the Estimated Annual Quantity
33	Disposable Suture Removal Pack, Sterile	PACK	<ul style="list-style-type: none"> - all the necessary components for routine dressing procedures are grouped, placed in the order of use and sterilized in a unique pack - most of the sets are wrapped in large field that, when opened will automatically cover the working place thus creating an immediate sterile field - it is exclusively made by single use components - single peel pack - sterile - 2 pcs - forceps - 1 pc - scalpel blade - 5 pcs - gauze swab: 7.5cm x 7.5cm x 8ply 	6,800	5% of the Estimated Annual Quantity

34	Syringe Sterile Disposable Non-Toxic Non-Progenic Single Use 50ml Catheter Tipped	BOX	<ul style="list-style-type: none"> - syringe sterile disposable non-toxic non-pyrogenic single use 50ml without needle - catheter tip - sterile, single use, non-toxic, non pyrogenic - catheter tip - syringes are made of special, highly translucent polypropylene for easy dosage measurement, easier recognition of air bubbles and faster flashback observation - syringe has precision fitting plunger gasket - specifically formulated elastomer is insert to all known medications, it provides smooth, accurate motion for the entire length of the barrel - bold, extra black scale markings resist smudging and are easy to read 	2,200	5% of the Estimated Annual Quantity
35	Syringe Sterile Disposable Non-Toxic Non-Progenic Single Use 50ml Ordinary Tipped	BOX	<ul style="list-style-type: none"> - syringe sterile disposable non-toxic non-pyrogenic single use 50ml without needle - ordinary tip - sterile, single use, non-toxic, non pyrogenic - eccentric luer tip - syringes are made of special, highly translucent polypropylene for easy dosage measurement, easier recognition of air bubbles and faster flashback observation - syringe has precision fitting plunger gasket - specifically formulated elastomer is insert to all known medications, it provides smooth, accurate motion for the entire length of the barrel - bold, extra black scale markings resist smudging and are easy to read 	4,000	5% of the Estimated Annual Quantity

36	Syringe Tuberculin 1ml With Needle Sterile Non-Toxic Non-Progenic Single Use Needle 25G x 1/2"	BOX	<ul style="list-style-type: none"> - syringe tuberculin 1ml with needle sterile non-toxic non-pyrogenic single use needle 25G x 1/2" - sterile, single use, non-toxic, non-pyrogenic - luer lock type - syringes are made of special, highly translucent polypropylene for easy dosage measurement, easier recognition of air bubbles and faster flashback observation - syringe has precision fitting plunger gasket - specifically formulated elastomer is insert to all known medications, it provides smooth, accurate motion for the entire length of the barrel - bold, extra black scale markings resist smudging and are easy to read - needle uses a unique double bevel design and precision manufacturing to provide ultra-sharp needles, which translate into greater comfort for the patient - the needle colour coded hubs are translucent to provide instant flashback recognition - 25G needle is low dead space design to cut down on air bubbles to save medication 	2,500	5% of the Estimated Annual Quantity
37	Syringe Sterile Disposable Non-Toxic Non-Progenic Single Use 20ml Complete Without Needle	BOX	<ul style="list-style-type: none"> - syringe sterile disposable non-toxic non-pyrogenic single use 20ml complete without needle - sterile, single use, non-toxic, non pyrogenic - eccentric luer tip - syringes are made of special, highly translucent polypropylene for easy dosage measurement, easier recognition of air bubbles and faster flashback observation - syringe has precision fitting plunger gasket - specifically formulated elastomer is insert to all known medications, it provides smooth, accurate motion for the entire length of the barrel - bold, extra black scale markings resist smudging and are easy to read 	4,900	5% of the Estimated Annual Quantity

38	Syringe Sterile Disposable Non-Toxic Non-Progenic Single Use 30ml Complete Without Needle	BOX	<ul style="list-style-type: none"> - syringe sterile disposable non-toxic non-pyrogenic single use 30ml without needle - sterile, single use, non-toxic, non pyrogenic - eccentric luer tip - syringes are made of special, highly translucent polypropylene for easy dosage measurement, easier recognition of air bubbles and faster flashback observation - syringe has precision fitting plunger gasket - specifically formulated elastomer is insert to all known medications, it provides smooth, accurate motion for the entire length of the barrel - bold, extra black scale markings resist smudging and are easy to read 	2,300	5% of the Estimated Annual Quantity
39	Universal Arm Sling Size: Extra Large	PC	<ul style="list-style-type: none"> - made of breathable polyester knit mesh - neck strap with pad for ultimate comfort - adjusts to accommodate many sizes - double D-ring with hook and loop closure makes it easy to apply onto the arm - wide shoulder strap adjusts in length for appropriate fit - pocket can be folded in and secured with hook and loop tabs for adjustment - fits left or right arm - with Velcro-Type Strap and rectangular metal link - ideal for:- <ul style="list-style-type: none"> # shoulder dislocation # humeral & clavicular fracture # other arm / shoulder injuries # post-operation / plaster - size: extra large 	2,200	5% of the Estimated Annual Quantity

40	Universal Arm Sling Size: Extra Small	PC	<ul style="list-style-type: none"> - made of breathable polyester knit mesh - neck strap with pad for ultimate comfort - adjusts to accommodate many sizes - double D-ring with hook and loop closure makes it easy to apply onto the arm - wide shoulder strap adjusts in length for appropriate fit - pocket can be folded in and secured with hook and loop tabs for adjustment - fits left or right arm - with Velcro-Type Strap and rectangular metal link - ideal for:- <ul style="list-style-type: none"> # shoulder dislocation # humeral & clavicular fracture # other arm / shoulder injuries # post-operation / plaster - size: extra small 	2,200	5% of the Estimated Annual Quantity
41	Universal Arm Sling Size: Large	PC	<ul style="list-style-type: none"> - made of breathable polyester knit mesh - neck strap with pad for ultimate comfort - adjusts to accommodate many sizes - double D-ring with hook and loop closure makes it easy to apply onto the arm - wide shoulder strap adjusts in length for appropriate fit - pocket can be folded in and secured with hook and loop tabs for adjustment - fits left or right arm - with Velcro-Type Strap and rectangular metal link - ideal for:- <ul style="list-style-type: none"> # shoulder dislocation # humeral & clavicular fracture # other arm / shoulder injuries # post-operation / plaster - size: large 	2,400	5% of the Estimated Annual Quantity

42	Universal Arm Sling Size: Medium	PC	<ul style="list-style-type: none"> - made of breathable polyester knit mesh - neck strap with pad for ultimate comfort - adjusts to accommodate many sizes - double D-ring with hook and loop closure makes it easy to apply onto the arm - wide shoulder strap adjusts in length for appropriate fit - pocket can be folded in and secured with hook and loop tabs for adjustment - fits left or right arm - with Velcro-Type Strap and rectangular metal link - ideal for:- <ul style="list-style-type: none"> # shoulder dislocation # humeral & clavicular fracture # other arm / shoulder injuries # post-operation / plaster - size: medium 	2,400	5% of the Estimated Annual Quantity
43	Universal Arm Sling Size: Small	PC	<ul style="list-style-type: none"> - made of breathable polyester knit mesh - neck strap with pad for ultimate comfort - adjusts to accommodate many sizes - double D-ring with hook and loop closure makes it easy to apply onto the arm - wide shoulder strap adjusts in length for appropriate fit - pocket can be folded in and secured with hook and loop tabs for adjustment - fits left or right arm - with Velcro-Type Strap and rectangular metal link - ideal for:- <ul style="list-style-type: none"> # shoulder dislocation # humeral & clavicular fracture # other arm / shoulder injuries # post-operation / plaster - size: small 	2,200	5% of the Estimated Annual Quantity
